

2025 Chicago Parking Tax Rates

Illinois residents already pay some of the highest parking taxes in the nation, between 35.25-41.25% on every dollar spent and every minute of parking one's car.

OVER

70%

of drivers who use paid garages in Cook County park for work purposes.

Taxing parking overly burdens workers and deters business.

The Parking Industry Labor Management Committee (PILMC)

represents the operators, owners and workers of Chicago parking garages, including **more than 4,000 parking industry employees** represented by Teamsters Local 727 in the Chicago area.

Our Mission

To promote the parking industry's important contributions to the Chicago metropolitan area, improve communication between representatives of labor and management, enhance economic development in the industry, and involve employees in decisions affecting their jobs.
